COMPANY PROFILE

In Style Interiors was found in 2009 - the vision of Senior Interior Designer Teodora Marais. With twelve years of experience in the industry, her objective is to offer quality and variety of products at exceptional value, coupled with excellent client- and after sales service.

The company is located in Edenvale, Gauteng. We do work throughout South Africa as well as in the neighbouring African countries.

In style Interiors operates across the commercial, industrial and domestic markets, specialising in design, supply and installation of blinds, kitchens, bedroom cupboards, vanities and laminated flooring.

Our staff is highly trained and experienced. You will receive on site assistance with colours and design. We manage the complete site installation from start to finish and work in conjunction with our client's work schedules. We coordinate and communicate on site with other affiliated trade Representatives to ensure timeous job completion and hand over.

Our products are of an exceptional high quality standard and we invest in constant research of durability, modern technology and styles.

In Style Interiors prides itself on its service, reliability and attention to detail, which have been adopted through lengthy experience of our team in the industry. We guarantee your total satisfaction in your investment.

MISSION STATEMENT

- We strive to serve and satisfy all the needs and expectations of our clients.
 - We strive towards sound and open human relations between management, employees, clients and suppliers.
- We believe in healthy non-speculative business practices to secure the long term stability and survival of our business.
- We believe in controlling costs and expenses continuously but never to the extent that it harms our business.
- We work towards consistently improving standards by innovative technology.
- We believe that the biggest contribution we can make to the community is to expand a successful business to create employment opportunities and thus improving the quality of life of more South Africans.
 - We believe in a free enterprise system in a country free of discrimination.
- We believe in the protection of our environment as an asset belonging to all people of our country.

QUALITY POLICY STATEMENT

It is the established policy of **In Style Interiors** to Design and Install Custom Kitchens, Bathrooms, Built-in Cupboards and any other related interior design products of the highest quality to the South African market and countries beyond its borders.

In Style Interiors will at all times strive to satisfy and comply with all demands of it's Customers, which encompasses excellent service levels, technical support & continuous improvement of it's operational processes.

Our Quality Policy is thus directed towards achieving the following goals & objectives:

- ❖ Achieve optimum customer satisfaction and support;
- ❖ Establish a long-term co-operation, in a spirit of partnership with our Suppliers;
- ❖ Strive for maximum cost efficiency in all operational areas;
- ❖ Observe high environmental, safety & workplace standards;
- ❖ Practice on-going training of Employees in the skills required for their specific fields of responsibility in order to maximise their performance;
- ❖ Aim to be the leader in the supply of lifestyle related products by out-performing the competition in terms of product quality, customer consultation, service and delivery capability.
